

## RGB + CCT Adjusting & Dimmable LED Panel Light

### Areas of Application

- KTV, Bar, Club, Skating Rink etc entertainment places
- Hotel, Art gallery, Showroom, exhibition hall, Furniture decoration
- Kindergarten, Restaurant, Bedroom, Living room

### Features

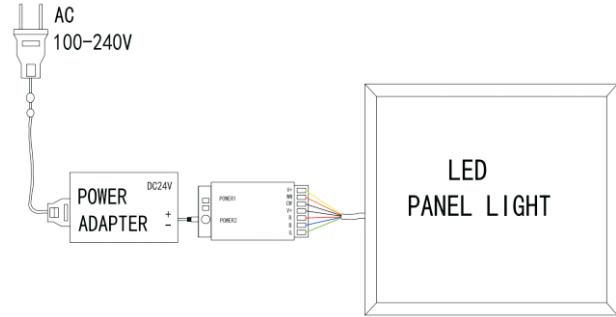

Adopt 2.4G remote control, RGB colorful( 16million colors to choose) and Color temperature changing & dimmable & Saturability. Control distance can reach 20-30 meters, anti interference.

### Specifications

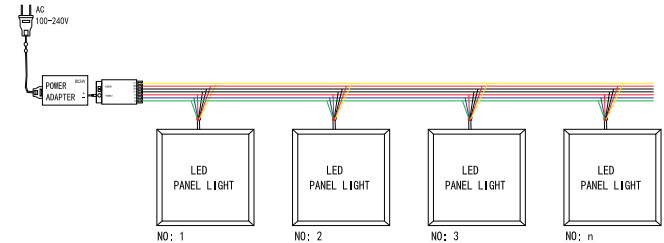

No.	Product name	RGB + Color Temperature Adjusting & Dimmable LED Panel Light
1	Voltage	AC100V~240V
2	Item No	NU-8456(595*595*10MM)
3	Power	40W±5%
4	Center illuminance (2m)	160Lux(warm white) 200Lux(pure white)
5	Luminous flux(±5%)	2520Lm(warm white) 2720Lm(pure white)
6	Color temperature/Wavelength	W:2800K-6500K R:620-630nm G:515-525nm B:465-470nm
7	CRI(Color rendering index)	≥80
8	Beam Angle	160°
9	Operation Temperature	-20℃~40℃
10	Operation Humidity	10%~60%RH
11	Storage Temperature	10℃~40℃
12	Operation Humidity	50%~70%RH
13	Led Lifespan(H)	≥50000 H
14	Materials	Aluminium alloy+PS diffuser plate+Chimei PMMA light guide plate
15	Net Weight(kgs)	3.9
16	Protection Level	IP40

### Power supply connection

1. One controller connect one led panel:

2. One controller connect multiple led panels:

Item	One controller connect multiple led panels max qty
LD1081147(595*595*10mm)	5pcs
